Web Sites

Peter van Boeschoeten gave us an overview of Steve' Digicam web site in April. Visit the site at www.steves-digicam.com. This is a useful site for consumers of digital camera equipment providing reviews, deals, discussions, contest information and many other useful subjects.

Phyllis Steele of the Intermediate Group sent a link to an article about photographing waterfalls. The site has many other useful articles:

www.ronbigelow.com/articles//waterfalls-1/waterfalls-1.htm

Elizabeth King of the Intermediate Group sent a link to Digital Photography School. Go to <http://digital-photography-school.com> to browse the possibilities on this site.
